don't limit yourself to just one social media account because if you do so you won't be able to reach the audiences on platforms like facebook youtube or instagram facebook alone has 2 billion active users each month while the size of the audience on youtube isn't much smaller managing accounts on several social networks under the same name is also an effective way to build your online reputation because people will remember the name they saw on one platform as a result they will start following you on the other posting music and all various types of videos on multiple social media accounts also means that they are going to be shared by a larger number of people find your own voice because everyone else's voice is already taken if you try to imitate the content other creators produce you'll never find your own distinctive style what's more the viewers of your video can easily see if you're really enjoying making the video or not and in many cases that may be the reason why they decide to skip hitting the follow button chose topics that you're passionate about because if you're just following the trends the content you produce may seem generic don't be afraid to think out of the box and do something new every once in a while just to see how your followers react more often than not you'll discover something your fans adore and you'll attract new
