liveops offers are launched daily and change once every 24 hours besides diamonds and energy they usually contain items that are almost impossible to buy otherwise like chests usually with diamonds and energy wild pearls and scissors this is also a good way to engage whales say the most expensive 120 pack from the store gets the player 8 000 diamonds even at a low exchange rate of 100 energy per 40 diamonds that s 20 000 energy the player should have the opportunity to spend it fast and without any extra hassle i love this game the only thing i can t get to grips with is that it seems that the timers restaurant speed boat museum etc don t seem to move unless you are on the actual game once you played all your moves who s going to sit with the app open until it reloads not me and some of the timers the wait time in them is far too long and if you want to skip waiting it s far to expensive i expect to get board of this game eventually the other thing the shop where you can purchase stuff you should be able to purchase other items like painting from the museum i ve cream and desserts it seem that aspect of the game is still stuck at level one offering only sand castles shells and food from the basket that also goes the same for chests as you progress further in the game people ask for other stuff that s not level one stuff sand bucket basket but that s what you are being
