Ingredients in TerraCalm

The effectiveness of TerraCalm lies in its carefully selected ingredients:

- **French Green Clay:** Known for its detoxifying properties, it helps eliminate dead skin cells and promote circulation.
- **Essential Oils (Thyme, Lavender, Cedarwood, Oregano, Clove Bud):** These oils provide antimicrobial and anti-inflammatory benefits, crucial for combating fungal infections and supporting skin health.
- **Vitamin E:** Promotes skin cell regeneration and protects against free radicals.
- **Manuka Honey:** Offers natural antibacterial properties and aids in healing.
- **Shea Butter:** Known for its moisturizing and healing effects.
- **Menthol:** Provides a cooling sensation and helps soothe skin irritation.

These ingredients work synergistically to not only eliminate fungal infections but also to moisturize and protect the nails and surrounding skin.
