i have to admit the shortcuts of growing tiktok followers are really attractive however every coin has two sides have you ever thought about the engagement rate of your content if the followers are not real in the long run i suggest you could try other tips to skyrocket growth on tiktok just keep reading find your own voice because everyone else s voice is already taken if you try to imitate the content other creators produce you ll never find your own distinctive style what s more the viewers of your video can easily see if you re really enjoying making the video or not and in many cases that may be the reason why they decide to skip hitting the follow button chose topics that you re passionate about because if you re just following the trends the content you produce may seem generic don t be afraid to think out of the box and do something new every once in a while just to see how your followers react more often than not you ll discover something your fans adore and you ll attract new followers that liked your eagerness to try out new things neither lenovo nor its affiliates officers directors employees agents third party content providers sponsors or licensors warrant that the site will be continuous uninterrupted or error free the platform including without limitation its content is provided on an as is and as available basis to the fullest extent permissible by law
