2. **Participating in Events:** PUBG frequently hosts in-game events that provide players with opportunities to earn UC as rewards. These events often come with specific challenges or objectives, encouraging players to engage with the game actively.
3. **Purchasing UC:** For those looking to expedite their access to UC, the in-game store offers various UC packs for purchase with real money. This provides a direct and immediate way for players to acquire the virtual currency and unlock their desired in-game items.
